

Figure 4: Our Parent Pledge

#### Assessment Box:

All students in Stone Soup are assessed in all subjects every 6 weeks. This is reported to parents at this time

#### School identifies Box:

Students have individualised timetables which can change every week. 1:1 intervention is added when needed

#### Child receives Box

Students all have a personal coach and they keep a close eye on progress in all subjects. Any drop in progress results in intervention or a change in lesson structure

#### (+ school draws box)

Stone Soup has strong relationships with a variety of specialist agencies and these are used whenever external support is thought to be advantageous for a student

#### Ongoing engagement Box

Parents are contacted every week by the student's personal coach keeping them informed in attitude, attendance, behaviour and progress in subjects. When students have particular challenges this contact will be daily.

#### Child's progress box

When students have particular issues daily reports are used to ensure that interventions have been successful.
